### **DIGITAL SIGNAGE** Media Management

# Digital Signage

Seeing is believing. Communicate your message to any screen, of any size, anywhere. That's the promise of the Korbyt Anywhere publishing platform, with its ability to re-energize content as personalized, easy to create and quick to distribute. Engage your workforce, inform customers or students, and drive engagement.

# UPDATE

Jayne Richards, on what she loves about the Balance Company Culture. Available on The Mobile Hub now!

### Good Morning!

**Greetings to** everyone in office today. Let's make it productive & have a good one everyone!

### The COVID-19 Mask Intiative | Donate Mask

We know many in our community want to support our staff members during the COVID-19 pandemic.

We are asking community members to sew or buy and donate cloth face masks for employees, patients and visitors to wear while on-site during this crisis.

## Media Management

Take control of all media. Manage your media and communication assets from a single place. The content management platform includes 500GB of storage space, which you can organize and share with media management tools.

## Media Mastery

The Media Library stores and organizes all your customer or internal communication assets in a single location. Its user-friendly interface makes it easy for you and your teams to locate and access what they need when they need it.

- > House up to 500GB of digital assets: text, images, videos, documents, urls and more
- Tag your assets for robust categorization that provides easy and powerful search capabilities
- Manage permissions and licenses for all your assets

## A Synchronized Source of Truth

Couriers are the technology go-betweens that ensure your Media Library is up to date and in sync with your other media storage systems.

- Auto-sync your Media Library with major cloud content storage: OneDrive, Google Drive, Box, Dropbox or Adobe Experience Manager
- Align the assets inside Korbyt Anywhere with other digital assets across your organization
